

DECLARATION REGARDING CARBON FOOTPRINT REPORTING

Holland Shielding Systems BV hereby declares that the company does not currently prepare, calculate, or publish a formal corporate carbon footprint (CO₂ footprint) report.

As a small-to-medium-sized enterprise with approximately 50 employees, Holland Shielding Systems BV is presently not subject to mandatory carbon footprint reporting obligations under applicable Dutch and/or European legislation, including the Corporate Sustainability Reporting Directive (CSRD).

At this time, the company has not implemented a formal Scope 1, Scope 2, or Scope 3 greenhouse gas emissions inventory.

Should regulatory requirements change or should business, customer, or strategic considerations require formal carbon footprint reporting in the future, Holland Shielding Systems BV will reassess its position and take appropriate action.

This declaration is issued upon request for administrative or compliance purposes.

Signed on behalf of Holland Shielding Systems BV
