

NONFLAMMABLE HIGH POWER HANDLING ABSORBERS 3680

Test report

Partnumber	3680
Product name	Nonflammable high power handling absorbers
Test kind	Sample test
Made for	Holland Shielding Systems BV
Manufacturer	Holland Shielding Systems BV
Receipt	Post
Test standard	GB 8624-2012
	GB 8624:2012 Classification of Combustibility of Building Materials and Products
Test date	2021.06.24-2021.06.28
Conclusion	The test results meet the requirements of GB8624 B1.

Test results						
No.	Testing item		Specifications	Test result	Determination	
1	B1	Burning behaviour (GB/T 11785)	CHF kW/m ²	≥4.5	7.6	P
2		Flammability Test Ignition time15s (GB/T 8626)	Fs mm	≤150	94	P
Remarks	Under specific test conditions, the test results are related to the properties of the samples; the test results can not be used as the sole basis for evaluating the potential fire hazard of the products under actual service conditions.					
"P" represents pass;"F" represents failure;"N" represents not happen;"---" represents not content.
